

Early Childhood Intervention Specialist

Licensure coursework and field-based experiences are prescribed based on the program approved for KSU by the Ohio Department of Education (ODE). Previous coursework may be considered if appropriate and current. ODE requires that those eligible for licensure must have 12 hours of reading instruction coursework (3 hours of which must be reading instruction through a phonetic approach), in addition to the program area specific courses. The courses prescribed on this page apply toward consideration by ODE for licensure. If you are interested in a masters degree from KSU, you must be fully admitted into the program and complete the prescribed coursework on the prospectus in addition to courses that are prescribed here for licensure.

Course #	Course Name	Alternate Course	Credit
